

JK RESOURCES

Reliant EMC

Welcome to Reliant EMC, where finding the solution to your EMC Testing Requirements is as easy as 1-2-3.

You can Search by:

- *Product Categories*
- *Manufacturer*
- *Use our Google Search Bar*
- *EMC Standard Emission or Immunity Category*

<http://www.reliantemc.com/>

kapteos

SARs Assessment
Measurement of E-Fields in High Voltage Fields, Magnetic Fields, MRI and EMC.

Kapteos Probes

Spectrum Compact
SPECTRUM ANALYZER

- *Spec Analyzer from 300 MHz to 87 GHz*
- *Affordable Automotive Radar Test*
- *Car to Car, 802.11p, and 5G*
- *Instant-On Functionality*
- *Simple, Intuitive Controls*
- *Resistive Touch Screen*
- *Water and Dust Resistant*

CRFS

SenS Portable

9 kHz up to 8 GHz/18 GHz with an instantaneous bandwidth of 200 MHz: IQ Recorder

Lightweight, portable RF recorder for high fidelity capture, recording and analysis (using DeepView) of wideband RF spectrum data.

- Multiple 100 MHz instantaneous bandwidth channels
- 9 kHz up to 8 GHz/18 GHz frequency range
- Channel alignment to within 40 ns
- Signal data storage up to 32 TB
- Deep data visualization and analysis tools

EMPOWER RF SS AMPS
10 KHz to 6 GHz

Empower offers the most advanced Amplifiers in the Industry which results in the most reliable, smallest, lightest and lowest cost available. Built from modules that are "Military Tough"! There are few or no connectors in each module which gives them extreme reliability!

<http://www.empowerrf.com>

EMPOWER RF SS AMP Modules
10 KHz to 6 GHz

Empower RF Systems has established itself as a premier design, development and manufacturing center of excellence in high-power solid state radio frequency amplifier modules. These are used in Military, Aerospace, National Security, Cell Phone systems, Radar And Signal Jamming.

Preen AC Power Supplies and AC Loads

Leader in AC & DC Power supplies for test and measurement. Military, Aircraft and Commercial solutions up to 2,000 KVA.

<http://www.reliantemc.com/Preen.htm>

Schwarzbeck

Schwarzbeck Mess Elektronik, manufactures products related to EMC measurements, antennas, LISN, near-field probes, Helmholtz coils, and much more!

<http://www.reliantemc.com/>

SFI

RFI/EMI Shielded enclosures use the latest materials and processes to construct EMI/RF Shielding enclosures and tents for 5G

[Learn More](#)

GTEM

The GTEM-cell is a TEM waveguide with the upper frequency limit extended to the GHz range. It is a low-cost alternative measurement facility for both radiated emission and immunity measurements.

AH Systems

WHO SAYS YOU CAN'T HAVE IT ALL? *and with next-day, on-time delivery*

- All-Purpose Antenna Kits: 20 Hz - 40 GHz
- Shielding Effectiveness Kits: 1 kHz - 18 GHz
- Biological Antenna Kits: 25 MHz - 7 GHz
- High-Frequency Horn Kit: 10 GHz - 40 GHz

The Antenna Specialists
Innovation Quality Performance
Phone: (818)998-0223 • Fax: (818)998-0892

A.H. Systems

[AH Systems](#)

Frankonia Chambers

High end absorber technology Frankosorb(R) that is not carbon based - available as A2 non-combustible absorbers per EN13501 NRL8093 Tests 1,2,3,4 and 5 by Frankonia Germany

[Frankonia EMC Chambers](#)

LUMILOOP

LASER-POWERED SENSOR SYSTEMS

Laser powered 3D Field Probes 10KHz to 6GHz, 3 axis simultaneously. Meets ISO 11451-2 ISO 11452-11, IEC 61000-4-2 and IEC 61000-4-3. Measures Pulsed signals up to 600V/M for Ford CS-2009 and GMW 3097 Radar Pulses. Measurement range from .01V/M to 20,000 V/M
